# THE **BRAND**

Beton Oil Field Services is a trusted provider of end-to-end solutions in the oil and gas sector, known for our expertise in designing and executing advanced drilling programs. Our commitment to safety, regulatory compliance, and operational efficiency sets us apart as a leader in the industry. From initial well planning and licensing to the final stages of production, we manage every phase of your project with precision and care.

We are a trusted provider of innovative oilfield solutions, offering a full range of services from advanced drilling techniques and equipment fabrication to real-time data and remote monitoring. With a foundation in industry expertise and a commitment to safety, we serve clients across the oil, gas, and petrochemical sectors. Our team is dedicated to delivering precision, efficiency, and customer-focused solutions that meet global standards, ensuring every project is optimized for success.

---

Welcome to our leading-edge oil field solutions provider. Combining advanced technology, local expertise, and global standards, we deliver high-performance services tailored to meet the evolving needs of the oil and gas industry.

# OVERVIEW

## THE **VALUES**

---

Our values reflect our dedication to integrity, innovation, and excellence in every project. We believe in transparent, practices that build trust with our clients. Innovation drives our work, enabling us to offer cutting-edge solutions tailored to industry demands.

## THE **VISION**

---

To be a global leader in oilfield services, recognized for our technological innovation, engineering excellence, and dedication to sustainable practices. We aim to drive growth and deliver value to our clients, employees, and communities.

## WHO **WE ARE?**

---

We are a premier oilfield services and engineering provider, combining extensive industry expertise with advanced technology to offer specialized drilling, fabrication, and equipment manufacturing solutions. Delivering tailored solutions.

## THE **MISSION**

---

To empower the oil and gas industry with innovative, high-quality drilling and fabrication solutions. We are committed to enhancing operational efficiency and safety while delivering exceptional service and tailored solutions to meet our clients' unique needs.

WHY  
**BOFS?**

INTEGRITY----- ETHICAL PRACTICES

INNOVATION----- CUTTING EDGE TECH

EXCELLENCE----- PRECISION

We offer a full range of oilfield and engineering services designed to meet the unique needs of the energy industry. Our specialized services include:

---

- DIRECTIONAL DRILLING & MWD

Precision drilling with real-time measurement and monitoring.

- WELL ENGINEERING & OPTIMIZATION

Solutions to enhance drilling efficiency and reduce costs.

- OILFIELD EQUIPMENT MANUFACTURING

High-quality, customized equipment for oilfield operations.

- FABRICATION & MACHINING

Custom fabrication, plant installation, and machining services.

- PROJECT HANDLING

We deliver reliable solutions that drive your project's success.

- REAL TIME DATA SERVICES

Remote monitoring and data-driven solutions for decision-making.

**SERVICES**  
OUR  
**SERVICES**

At Beton Oil Field Services Pvt. Ltd., we provide a diverse range of specialized oilfield and engineering solutions designed to meet the dynamic needs of the energy industry. Our expertise ensures precision, reliability, and efficiency across every project.

## CORE SERVICE AREAS

### GYRO SURVEYING

Delivering accurate wellbore positioning and orientation services for enhanced drilling performance and reduced risks.

### DRILLING RENTAL TOOLS

A wide inventory of high-quality drilling equipment and rental tools to support efficient and cost-effective operations.

### TRADING

Supplying top-grade oilfield equipment, spare parts, and materials to meet client requirements promptly and reliably.

### MINERALS & CHEMICAL SUPPLIES

Providing premium minerals and specialty chemicals essential for drilling, production, and industrial operations.

### CONSULTATION

Offering expert advisory and technical consulting to optimize drilling programs, reduce costs, and ensure operational excellence.

**OUR  
SERVICES**

At **Beton Oil Field Services Pvt. Ltd.**, nothing is more vital than the health and safety of everyone who works with us and benefits from our services. Our commitment to HSE is at the core of our operations, ensuring that safety, environmental stewardship, and quality performance go hand in hand with business excellence.

## HEALTH & SAFETY POLICY

- We believe that all incidents and work-related illnesses can and should be prevented.
- Management holds full responsibility for maintaining high standards of health and safety performance.
- Employee training is essential to strengthen awareness, competency, and proactive risk management.
- Health and safety considerations are fully integrated into all business processes.
- Excellence in health and safety is fundamental to achieving excellent business results.
- We continuously strive to reduce and eliminate occupational illness, injuries, and workplace incidents.

HEALTH, SAFETY, AND ENVIRONMENTAL  
**(HSE) COMMITMENT**

Your trusted partner for efficiency-driven oil field solutions

## QUALITY, HEALTH, SAFETY & ENVIRONMENT (QHSE) PRINCIPLES

- Superior quality is our competitive advantage—meeting client requirements on time and within budget.
- Adequate resources are allocated to effectively implement and manage our QHSE systems.
- Continuous monitoring, benchmarking, and improvement of business, services, and employee performance.
- Commitment to minimizing environmental impacts through efficient use of energy and natural resources.
- Encouraging responsibility and accountability among employees for environmental performance.
- Establishing transparent communication with clients, suppliers, stakeholders, and the community.

### DRIVING SAFETY POLICY

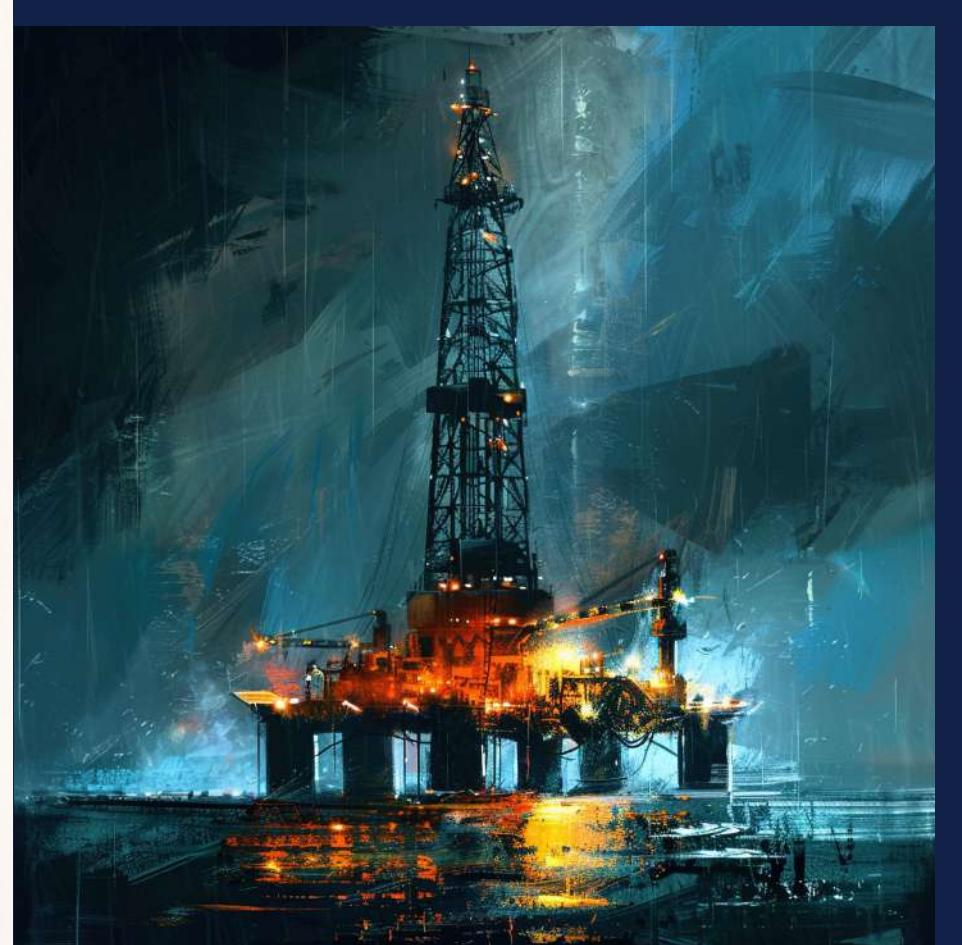

Driving is one of the most hazardous activities in our industry. Beton Oil Field Services enforces strict safe driving practices:

- Compliance with all traffic rules and safety regulations.
- Zero tolerance for reckless driving, driving under suspension, or failure to stop after an accident.
- Mandatory use of seat belts, adherence to legal speed limits, and prohibition of mobile phone use while driving.
- Pre-journey vehicle inspections to ensure roadworthiness and safety.
- Employees are never required to drive under unsafe or fatiguing conditions—the guiding principle is “always plan ahead, and when in doubt, consult your HSE advisor.”

## ENVIRONMENTAL RESPONSIBILITY

- Efficient use of natural resources and energy across all projects.
- Active steps to minimize environmental impacts at both local and global levels.
- Commitment to conserving resources for future generations.
- Adoption of training programs to raise awareness among employees on environmental protection.
- Promoting similar environmental values among suppliers and partners.

## ALL CHEMICAL SUPPLIES

1.	Caustic Soda	25 KG/SX	1.	Barite	1 MT/BAG
2.	Soda Ash	25 KG/SX	2.	Drilling Detergent	55 GAL/DRUM
3.	Bentonite	1 MT/BAG	3.	Nacl	1MT
4.	Phpa	25 KG/PAIL	4.	Boicide	5gal/can
5.	Pac Lv	25 KG/SX	5.	Corrosion Inhibitor	55 GAL/DRUM
6.	Kcl	1 MT/BAG	6.	Oxygen Scavenger	5 GAL/ Can
7.	Amine Based Shale Inhibitor	55 GAL/DRUM	7.	Mica F	25 KG/SX
8.	Caco3 (F)	1 MT/BAG	8.	Mica M	25 KG/SX
9.	Caco3 (M)	1 MT/BAG	9.	Quickseal F	25 KG/SX
10.	Carb - 5 Micron	1 MT/BAG	10.	Quickseal M	25 KG/SX
11.	Carb - 25 Micron	1 MT/BAG	11.	Xylene	
12.	Carb - 50 Micron	1 MT/BAG	12.	Formic Acid	
13.	Xanthan Gum	25 KG/SX	13.	Ammonium Chloride	
14.	Glycol	55 GAL/DRUM	14.	Xanthan Gum	
15.	Ep-lube	55 GAL/DRUM	15.	Boric Acid	
16.	Sulphonated Asphalt	25 KG/SX	16.	Potassium Chloride	
17.	Graphite	25 KG/SX	17.	Calcium Chloride	
18.	Cellulose Fiber	25 KG/SX	18.	Ammonium Biflouride	
19.	Silica Sand		19.	Solid Silica Flour
